

Careers Programme Overview 2025/2026

University Academy Long Sutton

Vision Statement

All pupils will be supported to become independent managers of their own careers, both whilst at the Academy and in the years after they have left.

Milestones and Learning Outcomes

Key Events and Experiences

Year 11

Pupils will be able to make informed decisions about Post 16 options. They will develop their decision making skills and set targets to help them achieve their post 16 goals. They will understand the application processes for college, work and apprenticeships.

Year 10

Pupils will prepare for their week work experience placement by considering a number of issues such as; attending an interview, health & safety, how to manage new situations. Pupils will identify targets that they would like to achieve while on their placement and be introduced to the log book

Year 9

Pupils will explore how career choices can impact on aspects of adult life e.g. economic & social. They will gain an understanding of the local labour market and have the opportunity to research what companies' may be able to provide work experience placements. Pupils will continue to recognise and develop their employability skills.

Year 8

Pupils will understand the key factors of careers management, self-awareness, opportunity awareness, learning to cope with transition and decision making.

Year 7

Pupils will have an understanding of what careers education is and will be introduced to the sources of support and guidance open to them. They will be introduced to the key themes including – self-awareness, career awareness and career management. Pupils will have the opportunity to identify and reflect on their own careers aspirations at this point.
